

This folder is created for personal use only.

Hope you and your child enjoy, learn, explore & get creative with these free download packs! I would request you to acknowledge this work to my blog www.mummadiaries.com if you want to use it on your blog or facebook page.

You can catch up all my toddler activities, and how we play with them on my [youtube channel](#) 😊

Stay blessed!

xoxo

Amruta

How to use:

You can color print and laminate this sheet. Color print, cut and laminate the second sheet. If you do not want to use the laminator, print on thick card stock papers. You can use Velcro (double sided) tapes to make it easier for your child to match the cards correctly on the main sheet! You can watch my youtube videos to see how it actually looks like!
